NILES CHAMBER MAKES SURVEY OF DEFENSE FIRMS

ACUTE HOUSING SHORTAGE MAY 'PLACE TOWNSHIP IN BAY DEFENSE AREA

Emphatic steps to have Washington Township included in the Bay Region defense area thus to insure the continued sale of lumber, hardware, building supplies, etc. were taken at Monday noon's meeting of the Niles Chamber of Commerce with President T. C. Wilson in the chair and a dozen of the Township's business leaders present.

Hayward and Walnut Creek have been included in the Oakland Defense area, the latter because many workers in defense industries live in Walnut Creek and go back and forth to work, it was pointed out.

A survey of Washington Township living conditions, now being made by Vernon Ellsworth of Niles will show nearly a dozen large concerns now working on defense orders; numbers of their employes commuting back and forth to other communities and an acute housing shortage existing throughout the Township.

— Newark Crowded

Speaking for the Newark area, near which are situated the large plants of the James Graham Manufacturing company, the California Chemical Industries plant, and the Morton and Leslie Salt plants, all allocated defense priorities numbers, Lester Burdick of the Graham Manufacturing company estimated that 75 of his firm's employees go back and forth daily to their homes outside Washington Township, because of a shortage of homes in the Newark region.

Contractor Arthur Cotton of Newark is quoted as saying he could readily rent 35 new homes in Newark if means were provided for bulding such homes.

There is not an empty house in or near Niles today, according to E. A. Ellsworth, Niles real estate man. E. G. Glassbrook of the Public Utilities California Corporation at Niles said that every day some outsider drops in, looking for a place to live in Niles.

APPENDIX OUT

When Johnny Williamson complained Sunday of severe abdominal pains his mother, Mrs. Gladys Williamson called in Dr. L. H. Buehler who found the young man had acute appendicitis. Mrs. Williamson hurried him to the Alameda Sanitarium where he had the offending member yanked out just before it ruptured. Johnny is resting comfortably in Alameda, hurt but happy.

FIRST FORUM OPENS MONDAY AT HIGH SCHOOL

PUBLIC INVITED TO SUPPORT SERIES OF SCHOLARLY ADDRESSES

CENTERVILLE — The Washington Township Forum will open its first fall series of five meetings on Monday evening, October 6 with Professor Raymond G. Gettell of the University of California speaking in the High school auditorium on the topic: "Our Foreign Policy," according to Jack Reese, forum chairman.

Dr. Gettell is a world traveler, a prominent forum speaker, and a student of international affairs. His discussion of our rapidly changing foreign policy promises to be both interesting and informative. Predictions as to future American policy toward the Axis and Japan may be expected.

On October 13, Dr. Robert J. Kerner will return to speak on "Soviet Russia and the War." Dr. Kerner is considered to be an outstanding authority on Russia and Eastern Europe, and has been personally acquainted with many political leaders in that part of the world. He made two appearances before the local forum last year and was enthusiastically received both times. Meetings will also be held on October 20, 27 and on Nov. 3.

The Washington Township Forum is sponsored by the Evening High School. Its function is to keep our adult citizens informed on the rapidly changing current international and domestic problems which face our country.

There is no admission charge and everyone is welcome to attend one or all of the meetings. The regular attendance of interested citizens will make possible the continuation of the forum since state apporpriations are received in proportion to the regular attendance of those enrolled. No appropriation is received for those who attend less than three of the five meetings in a series.

All meetings begin in the high school auditorium promptly at 8 p. m.

Future meeteing dates and subjects follow:

October 20 — "Economic Consequences of Defense And War." Speaker—Frank Kidner, Lecturer in Economics at U. C.

October 27 — "What Kind of Peace May We Expect If Hitler Wins? If the Allies Win? Speaker Robert J. Kerner.

November 3—"What's Right and What's Wrong With Our Defense Program." Speaker — Raymond Lawrence, newspaper columnist.

AIRMEN PRACTICE FORCED LANDINGS; MAKE REAL ONE

Pickers in the Stiver's tomato field on Santos Road, between Niles and Centerville had to duck and dive for cover when an army training plane swooped down upon them, Monday forenoon.

An instructor and a cadet in the plane from Moffett Field were practicing forced landings when the motor stalled at a low altitude, forcing them to make a real forced landing.

It ground looped when it hit, shearing off a wing and damaging the left wheel of the landing gear.

The excited pickers felt better when the two airmen shut off the motor and climbed out unhurt.

PRESIDENTIAL PROCLAMATION

The White House — August 21, 1941
Washington

Dear Mr. Hardy:

The Recurrence of National Newspaper Week should awaken in the hearts and souls of all Americans a renewed determination to defend and maintain and perpetuate the priceless heritage of a free press.

The maintenance of an unfettered press, informed by truth and guided by courage and conscience and whole hearted devotion to the public welfare, is a fundamental obligation of patriotism.

I trust as a result of the forthcoming observance that Americans everywhere will have a renewed sense of the incalcuable blessing which a free press confers. It must be maintained against all assaults.

Very sincerely yours,
(Signed) Franklin D. Roosevelt

FLOOD CONTROL PROJECT WORK TO START SOON

The best news of the season was prung at Monday's luncheon meeting of the Niles Chamber of Commerce at the City of Florence Resteaurant when E. A. Ellsworth delivered good tidings from Supervisor George Hellwig that work would start within 10 days on the long-sought flood control project at the center of Niles.

The state highway engineering department has accepted the county surveyor's plan drawn up and presented last spring, and will do drainage system, will also arrange the work on their part of the a culvert under the Southern Pacific's main line tracks, and will deliver the outlet in Niles proper to the County of Alameda for finishing. The spillway is to be carried down H street to Alameda Creek for discharge of storm waters.

Both the Senior and Junior Chambers have been working for the consummation of this undertaking since last spring, with the cooperation of the county surveyor and the board of supervisors.

MEETING POSTPONED

(Special to the Register)

The regular monthly dinner meeting of the new Niles Sportsmen's club, to have been held Wednesday night of last week in Solon's rumpus room was postponed because of the absence of the chef and his assistants on a deer hunting trip in Modoc county. The meeting will probably be held next Wednesday night October 8 according to Secretary Leon Solon, who will send out reply cards to the membership prior to the meeting date.

R. O. T. C. CORPS MAY BE FORMED AT WASHINGTON HI

A communication sent by District Superintendent A. J. Rathbone of Washington Union High School at Centerville to Walter Waynflete, chairman of the Township American Legion's State Guard committee, states that he is heartily in favor of establishing a Reserve Officers Training Corps for the young men now attending high school here.

A request for information how to proceed was forwarded to the Adjutant General's office at Sacramento for information and action.

At a recent meeting of the Township Legion Post, Waynflete was asked by unanimous vote to bring the project to the attention of the high school authorities at Centerville.

Formation of such a corps would put our union high school in the same class with similar institutions in larger centers, and will help young men approaching draft age to get a head-start on their military training.

AWARDS DINNER

The annual awards dinner of the Washington Township Softball association will be held this Saturday evening at 7 o'clock in the City of Florence Restaurant at Niles. The handsome championship trophy will be presented to the Native Sons team, winners of the 1941 pennant, by Manager Albert Silveria of Warm Springs. Team Captains, team managers and newspapermen will be present as well as members of the winning team.

TEN MORE MEN SIGN UP WITH GUARD COMPANY

TWENTY EIGHT NOW ON ROSTER; 50 MORE MEN NEEDED; DRILL MONDAYS

CENTERVILLE — Ten new volunteers signed up for membership in the Washington Township State Guard Rifle company during the fourth drill period held Monday night in the Washington High school gymnasium, with Corporal James Collins and Private First Class Johnston, both of Newark, in charge of the drill.

This brings to 28 the number of men who have signed the provisional company's roster and have received their enlistment records. This is a little over one-third the number of men required to form a company, according to Walter Waynflete, Legion chairman of this activity, who charged the men present at Monday night's drill to bring more men to the drill period next Monday night.

Corporal Collins, a member of an Oakland Guard company announced that the State of California expects to issue regulation uniforms to new companies after October 1, and announced that a State Guard encampment will be held near Folsom for two weeks during October. Attendance of Guardsmen is voluntary, but those attending will receive a large issue of clothing and will be paid $2 per day while attending.

The following 10 men signed the roster Monday night:

Wm. H. Robinson, Irvington.
H. M. Rogers, Irvington.
Burr Runolfson, Irvington RFD.
John J. Perry, Irvington RFD.
Anthony C. Silva, Niles RFD.
Hugh Steinhoff, Centerville.
Melvin Allegre, Niles RFD.
Howard Alves, Niles.
John Machado, Jr., Centerville.
Lawrence Moise, Niles.

Dropped from the rolls: John E. Dutra, Centerville, now attached to the civilian airplane observation corps.

E. Dixon Bristow, Niles, otherwise engaged.

Edmund P. Jauch, Niles, by request.

Drill is held every Monday night in the high school gym beginning promptly at 7:30 o'clock. Recruits may sign up during the drill period. Fifty more men from 18 to 50, who are American citizens, are still needed before the new company can be mustered in, Waynflete says.

Thanks are extended to Bill Helm, manager of the Niles Theatre for running a slide between shows asking for more men to sign up with the company.

Thus far no men have joined from Decoto, Alvarado, Mission San Jose or Warm Springs. As this company is designed to be representative of all of Washington Township it is hoped that young men from the above named communities will join the new military organization.

GRASS FIRE

Considerable excitement was created late Saturday afternoon in the residence district at Niles when dry grass standing on a vacant lot at First and F streets caught fire. The Niles fire truck stood by and let the blaze burn itself out. Loss consisted of one small prune tree, scorched.

TOWNSHIP PLAYERS TO MEET TUESDAY AT HIGH SCHOOL

Business Manager A. B. Leask has arranged with Barton Webb of the high school that M. C. Thiltgen, assistant director and manager of Palo Alto community players, will direct the first production of the community play of Washington Township. It is to be a Minstrel Show, and some two score men of the Township are already chuckling to themselves over the pranks that are about to be "pulled" on our leading citizens of the Township.

One half of the net proceeds of the production are to go to the Summer Camp fund of the Boy Scouts of Washington Township. This means that Township scout troops will be able to send local scouts to the various scout camps next summer. Because of the universal interest in this project practically every large organization in the Township will be behind the minstrel show with enthusiasm.

Leask is calling for a general meeting of the Community Players to be held at the high school, Tuesday, October 7 at 8 o'clock.

All members and anyone interested, are urged to be present, or to contact Mr. Leask or Dr. T. C. Wilson of Niles before Tuesday, when rehearsals will be planned. The production will probably be given early in November.

JAUCH LEAVES NILES

Ed Jauch, treasurer of the Niles Junior Chamber of Commerce, a popular member of the California Nursery company's staff left Niles Monday to take some advanced technical schooling at San Luis Obispo. He says he will be back from time to time to greet his friends here. He will be employed while pursuing post graduate work at the California Polytechnic College there.

John Buol, a former resident of the Niles rural district is now living in Oakland.

NEW FORD CARS NOW ON DISPLAY AT CENTERVILLE

FORD ANNOUNCES FIRST 6 CYLINDER CAR, ADDED TO NEW 1942 LINE

CENTERVILLE — Seven hundred Ford dealers and salesmen from all parts of the Richmond Branch territory gathered at the Oalkand Civic Auditorium Tuesday for the purpose of viewing the new 1942 lines of motor cars — the Ford 6, Ford V-8 Mercury, Lincoln Zephyr and Lincoln.

This was the largest automobile dealer meeting held so far this season in the Northern California territory, according to Joe Adams manager of Joe Adams, Inc. local Ford dealer, who attended the Bay City Gathering.

The dealers were given a preview of the new 1942 Ford, Mercury and Lincoln cars which will be on display at dealer showrooms throughout Northern California today. Although full details regarding the new models will not be disclosed until the public presentation, automobile editors who attended the press preview, held a day in advance of the dealer meeting, declared that all three lines feature distinctive new styling and are wider, lower and more powerful.

A number of engineering changes have been made which produce a performance with greater operating economy and the riding qualities of all three cars have been still further improved, and of special interest to the public is the fact that the Ford line offers a Ford 6 as well as a Ford V-8.

In the talk with newspapermen at the press preview, Mr. Mulligan told of the defense production activities of the Ford Motor Company which is building Pratt and Whitney engines in the River Rouge Plant in a $27,000,000 plant erected on the site of a parking lot for employees' cars.

He also told of his visit while in Michigan to the immense new bomber factory and airport now being constructed by the Ford Motor Company on a two-square-mile tract near Ypsilanti. In this building the Ford Motor Company will make Consolidated B-24D bombers for the Army Air Corps on a volume basis with production scheduled to get under way next spring.

The newspapermen were reminded that the Ford Motor Company is manufacturing among other defense articles various types of military vehicles such as command reconnaissance cars, bomb service trucks and staff cars, and told also of the operation of the Ford Navy Service School where 1,500 young sailors are being given training in mechanical trades.

For 1942—a Beautiful New
FORD
"6" OR "8"

IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will *stay* good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is *big*—wide across the seats, generous in knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.

In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, *but in every case the new is equal to or better than the old.*

If your family needs a new car, go see and drive this Ford. *For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.*

READ AND WEEP.. MORE NEW TAXES ON AUTOMOBILES

Motorists will pay about $250,000,000 a year additional in Federal automotive taxes under the defense revenue measure which went into effect Wednesday, October 1, according to the California State Automobile Association. This will increase the annual of such taxes to about $750,000,000. The new schedule of Federal taxes affecting the motorist was stated by the **Automobile Association as follows:**

The tax of 3½ per cent on the sales price of new automobiles is increased to 7 per cent. Truck taxes are raised from 2½ per cent to 5 per cent.

Tire taxes are increased from 2½ cents to 5 cents per pound; tube taxes from 4½ cents to 9 cents a pound.

The Federal tax of 1½ per gallon of gasoline remains unchanged as well as the tax of 4½ cents per gallon of lubrication oil.

In addition to the increased taxes an entirely new "use tax" of $5 per year on every motor vehicle regardless of age or price class goes into effect February 1, next.

Car owners will be required to pay five-twelfths of the $5, or about $2.08, for the period from February 1 to July 1. A full fiscal year's tax of $5 will be due July 1, and each July, 1 thereafter.

This tax alone is expected to raise approximately $160,000,000 a year.

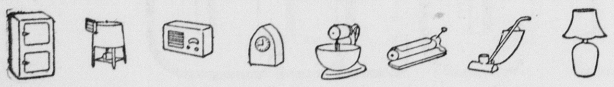
Like your other Electric Appliances



The ELECTRIC RANGE IS EASY AND ECONOMICAL TO USE

Your next electric servant in the home should be a modern electric range. When you use it you will encounter many delightful surprises. With it the fine art of good cooking becomes so simple and so clean that results will seem like magic.

The speed of the new electric range elements will amaze you. And with this speed there is the accuracy. Cooking temperatures are under control automatically. Oven temperatures are scientifically regulated to assure uniformly tenderized, perfectly cooked roasts, and all your favorite cake recipes become time-after-time successes.

Take a step forward in better living by giving yourself and your family the benefits of electric cooking. Like your other electric appliances, the electric range gives a service you would never be without once you know how much it does for you and how little it costs with today's low electric rate.

Postmaster and Mrs. M. C. Joseph attended the Postmasters meeting which was held in San Leandro last Wednesday.

Mrs. Elsie Soito of Irvington and her aunt, Mrs. Roxana Underwood of Los Gatos were called home due to the sudden death of a relative, Mrs. Trogden of San Jose. Mrs. Soito and Mrs. Underwood were visiting Mr. and Mrs. W. H. Pierce in Vermont.

The engagement of Miss Mary Costa to Mr. Chuck Dobbs, both of Irvington was announced recently. Plans are being made for their coming wedding, which will take place next month.

Mr. and Mrs. Stepp Raymond returned last Sunday after spending several days at Cambria Pines Lodge. On there way south they stopped at Camp Roberts to visit their son, Sergeant LeRoy Raymond.

Little Clytelle Shepherd entertained nine of her girl friends at her home on Monday evening, the occasion being her tenth birthday. Those present were Doris and Lorraine Rose, Mary Senn, Shirley Gallegus, Georgie Cooper, Nelda Hammond, Doris Thomas and Wanda Shepherd. After refreshments were served the group of girls enjoyed a skating party at the Irvington rink.

John Howe and Gertrude Mozzetti are among those who returned to San Jose State for the Autumn quarter.

THE CHURCH IS AN INSTITUTION

The Christian Church, founded by God Himself on St. Peter nearly 2,000 years ago, is an institution. It symbolizes the body of Christ and as such will go on forever.

We puny mortals, as ministers or laymen, carry on the ordinations and the regular activities of The Church as best we may. Yet some citizens sadly enough lose sight of The Church as an Institution and mix up with it the personalities of persons connected with the Church.

This confusion is scarcely worthy of an adult mind. It is better for a minister and his lay assistants to serve the Church and serve it badly, than not to serve it at all. (T'were better yet to serve it well!)

Citizens, especially those who do not attend church and do little or nothing to maintain the church should distinguish clearly between the mere mortal workers in the Church, with their circumscribed personalities, and The Church itself as a great and magnificent Institution founded by Our Savior and His Father for the salvation of mankind.

Don't let petty personalities creep into your concept of your duty as a private citizen to The Church of God.

THE SPIRIT THAT IS AMERICA

By R. O. Vandercook

The spirit that is America . . . no word written, spoken, or printed can express it, it is too elemental; a force that descended upon Washington and the Continental Congress and was the guiding light when no human precedent could show the way.

The spirit that is America produced the Monroe Doctrine. It brought about the Louisiana Purchase. It prevented the building of fortifications between the United States and Canada and it won the West.

The spirit that is America enveloped Lincoln and made him immune to the barbed shafts of ridicule and criticism and although the assassin's bullet ended his physical being it gave him immortality. It was the spirit of America that carried this through the trying days of the reconstruction period.

It was the spirit that is America that composed the Star Spangled Banner and the Gettsburg address. It was the spirit that is America that brought about compulsory education for every citizen. It sprinkled libraries all over this country using as its instrument men of great wealth.

It was the spirit of tolerance that is America that made possible the National Conference of Christians and Jews, of which a former vice-president of the United States is president.

It was the spirit of co-operation that is America that guided our secretary at the Havana Conference and is building the great Pan-American automobile highway; and is bringing into closer affiliation the educational facilities of the Americas.

It was the progressive spirit that is America that produced the greatest inventions and made possible the greatest purchasing power of every citizen and gave to those who create by hand and brain the greatest returns for their efforts.

May it continue to inspire every artisan in our factories and the leaders of our military forces and remove from them jealousies and vaulting personal ambitions. May it turn our practical politicians into statesmen and weld us all into a more united hemisphere.

An Attempted Hold-Up, America!

HITLER NEEDS MEN

So ran the headlines in the daily papers late last week.

What with all the slaughter in Europe it is to be expected Hitler needs men, not only as cannon fodder, but to work in German industries to make weapons to kill more men, and to till the fields to raise food to feed more men — to be killed.

As pointed out in these columns a year ago: there are only so many nazis to shoot and be shot at. With total disregard for human life (just so his own wuthless skin is saved) Hitler has had his troops advance in masses, walking over the dead bodies of their comrades, first in France, then in Greece, now in Russia.

As this is a war of extermination Hitler is surely using the proper method. So he wants 100,000 troops each from Rumania, Bulgaria and Austro-Hungary.

Bulgaria says she does not want any of it. She won't fight Russia. So Russia is landing numbers of air-borne troops in Bulgaria, well armed with machine guns and bombs. ("If the enemy won't bring the war to you, you bring the war to the enemy!")

And here's a laugh: when Adolph demanded 150,000 troops from ITALY, Mussolini replied: So sorry, all our troops are needed in Libya. (Such troops as Italy still has in Libya are immobilized through lack of supplies.)

To make matters worse for Hitler, Virginia Gayda, "authoritative" fascist stooge announces he fears Italy will negotiate a separate peace with Mother England — because the Italian people are on the brink of starvation, and they hate their nazi "protectors," particularly the Gestapo.

Hitler has a million and a half foreigners working in German fields and industries. To secure more workers he offers them extra rations as an inducement to work for him.

* * * *

So much for the dark side of the world picture. On the brighter side (OUR side) we learn that England can now produce all the fighter planes she needs, thereby liberating to Russia and China the United States' surplus output.

Things are shaping up nicely for us: thus far there has been no shooting in our part of the war. Winter is coming in Russia, and the slaughter and the debacle there is fearful.

The war is not won yet — but many signs show the nazi hierarchy is beginning to crack.

Such Russian territory as the Huns have garnered is worthless to them, because of the "scorched earth" policy orginited by the Chinese and improved upon by the doughty Soviet.

Poor little Japan is still trying to save face. Her "celebration" of the first anniversary of joining up with the axis powers was a dismal affair. They played it down in order to preserve dignity!

Japan wants to ride along with the winners and Japanese leaders are beginning to realize they have bet on the wrong horse. She is held helpless off the Pacific coast of Russia because of the great bombing fleets which Russia holds on the edge of the Japanese Sea, ready to spring at Japan's paper-thin cities.

The United States economic sanctions of gasoline, oil, tin, copper and scrap iron have put a definite crimp in Japan's further military manufactures and operations, and the Land of the Rising Sun is now undergoing temporary eclipse.

So the god of war churns on, with his diabolic course of destruction of human life and property . . but the signs of a nazi crack-up pop up with increasing frequency and violence. — W. W.

CHECK YOUR PRINTING NEEDS.

With printing machinery, papers and inks advancing rapidly in price, the careful businessman will check his printed office supplies, and order enough forms to carry him through the next year . . before prices go up still higher.

Prices, particularly on fine papers, are going up so rapdily a bid submitted this week may not be fullfill-able at the same price next week.

The "emergency" sensed by FDR back in 1933, is actually here.

Yes, The Register Press at Niles is well equipped to take care of the printing needs of Washington Tonship institutions and bussinessmen.

Better check your supplies NOW, with an astute eye toward saving money. Better spend $100 this year than have to spend $150 for the same supplies next year! — W.W.

"EMERGENCY"

Emergency, according to the dictionary, means a pressing necessity or exigency. This applies to a state or condition.

It also means: the act of emerging, especially a sudden or unexpected appearance or occurrence.

Hence, our present emergency means something unexpected is to appear from it or occur because of it.

In accordance with the provisions of Section 1777.5 of the Labor Code, as amended by Chapter 971, Statutes of 1939, and in accordance with the regulations of the California Apprenticeship Council, properly indentured apprentices may be employed in the prosecution of the work.

In accordance with the provisions of the State contract Act prospective bidders must file with the Department of Public Works answers to questions contained in a standard form of questionnaire and financial statement including a complete statement of their financial ability and experience in performing public works. Standard forms of such questionnaire and financial statement can be obtained from the State Highway Engineer at his office, Public Works Building, Sacramento. The Department of Public Works will not furnish proposal forms to prospective bidders who have not submitted such questionnaire and financial statement for prequalification at least five days prior to the date fixed for publicly opening sealed bids and been prequalified for at least one day prior to said date.

No bid will be accepted from a Contractor who is not licensed in accordance with the law, under the provisions of Chapter 791, Statutes of 1929, as amended, or Chapter 37, Statutes of 1939, as amended, or to whom a proposal form has not been issued by the Department of Public Works.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco. The district Engineers' offices are located at Eureka, Redding, Marysville, San Francisco, San Luis Obispo, Fresno, Los Angeles, San Bernardino, Bishop, Stockton, and San Diego.

A representative from the district office will be available to accompany prospective bidders for an inspection of the work herein contemplated and Contractors are urged to investigate the location, character, and quantity of work to be done, with a representative of the Division of Highways. It is requested that arrangements for joint field inspection be made as far in advance as possible.

No bid will be received unless it is made on a blank form furnished by the State Highway Engineer. The special attention of prospective bidders is called to the "Proposal Requirements and Conditions" annexed to the blank form of proposal, for full directions as to bidding, etc.

The Department of Public Works reserves the right to reject any or all bids.

PERSONALLY SPEAKING

By: Your Editor.

FORESIGHT — Have you started to put a little money by each month with which to pay your federal income tax next year? Anyone who earns more than $750 per year net has to file a return, and they will have a small tax to pay; married persons in proportion. — A dime saved in time, plus nine, makes a dollar.

—ww—

ENDLESS — Last week 14 shiny new ships were launched from American shipyard ways. They took months to build cost millions of dollars and represented the combined efforts of tens of thousands of workers.

All 14 ships could be sunk in just a few minutes from any convoy plying war-afflicted waters.

It doesn't make sense, but there's the fact.

What are the nazis fighting for, anyway? A new world order? The old one, back around the nineteen hundreds, was a pretty good world in order — but of course the nazi Huns wouldn't know anything about that. Neither do mad dogs.

—ww—

WHOOPEE! — The government this year will take from us in taxes one quarter of the entire American income, with which to pay only one-half of the current year's government expenses.

So we can owe our government one third of what income we have left, and try and live on the remaining one-half.

After that . . ? Well, armament expenses will be higher next year; living costs have now gone up; it behooves Mr. and Mrs. John Q. Citizen to pay off their obligations as fast as they can, live as cheaply as possibly, hang onto every dollar they get, and ban as much as they can.

What the future holds, even as near as next spring, not even a prophet could tell. — And we don't have any prophets worth listening to. Newspaper columnists just dope out facts as they occur and endeavor to draw surmises and conclusions. Most of their "dope sheets" cease to have any value even before they get into print.

Time is on the wing, and it is surely flying fast these days.

NILES CHAMBER MAKES SURVEY OF DEFENSE FIRMS

(Contintinued from page one)

of a committee, assisted by Mr. Ellsworth, to obtain a factual list of Township firms engaged in fulfilling defense contracts, which, with a summary of the Township's housing shortage is to be presented this week to the proper defense authorities in San Francisco by E. A. Quaresma, Irvington attorney, appointed by the Niles Chamber to serve for this purpose.

Once Washington Township secures a government rating as a defense area, surveyors of builders' supplies, such as lumber, hardware and paint can sell their stocks on hand to the ordinary citizen, knowing that these stocks can be replenished as need arises.

If Washington Township is not designated as a defense area such stocks can only be replenished subject to priorities — which may mean indefinite local shortgages of certain essential materials.

— Defense Contractors

Large Township industrial plants, already surveyed and heretofore allocated defense ratings, all of whom are now engaged in fulfilling defense orders include the following:

Pacific States Steel Corporation, Niles.
The Kraftile Company, Niles
California Pottery company, Niles.
Pacific Coast Aggregates, Niles.
James Graham Manufacturing company, Newark.
California Chemical Industries, Newark.
Leslie and Morton Salt companies, Newark.
F. E. Booth Canning company, Centerville.
Holly Sugar company, Alvarado, and possibly others which this week's Chamber survey will reveal.

Guests at Monday's meeting, in addition to the 10 regular members were Lester Burdick, Newark and W. A. Grey, with the Alameda County Mosquito Abatement district; Attorney Quaresma of Irvington; new member Roland Bendel of Decoto and "Mayor" Chuck Kraft of the Kraftile company.

— Want Bumps Paved

Acting Secretary Vernon Ellsworth was instructed to write the Southern Pacific Railway company requesting that the spur line crossing at Shuckl's cannery on East First street in Niles be paved or repaired to remove the bump which now exists there.

Walter Waynflete, chairman of the cabinet of the Niles Congregational Church drew attention to the current financial drive being conducted this week, and requested public spirited citizens to make contributions toward retiring a building fund debt which has been long outstanding.

Plans are now being made for the Decoto Firemen's dance to be held Saturday evening, October 18 at the Newark Pavilion.

There will be a community showing of the recent films taken of the Newark Boy Scout Summer Camp at the Newark school Tuesday evening. These films will be explained by a member of the Scout troop committee.

Paul Niegsh from a small community in the Eastern part of the state who had ben staying at Butler's hotel for a short time, was taken to the San Jose hospital Friday evening in the Chapel of Palms ambulance. He is reported to be improving.

Corporal Daniel Juarez of the United States Army at Fort Lewis, Washington is visiting his parents here, Mr. and Mrs. P. Juarez as he is on a 15-day furlough.

Mr. and Mrs. A. T. Bidde spent Saturday attending the Stanford-Oregon football game at Palo Alto.

Mrs. Tony Perry is recovering at her home from a fall from a chair last week. She is under Dr. Westphall's care.

Mr. and Mrs. Joe Trindade have moved into their home on Central Avenue, which they purchased recently from W. T. Lowe.

A benefit whist party is now being planned by the Newark ladies to be held Friday evening, November 7 at the Newark Pavilion.

Mrs. Arthur Day and Mrs. Harry Cushing of Irvington were in San Jose last Friday. On their way home they spent the afternoon with Miss Anne Weston.

LAND BANK LOANS NOW AVAILABLE AT PLEASANTON

PLEASANTON — The location of the Pleasanton and Mt. Diablo National Farm Loan Association in Pleasanton has resulted in increased business according to Everett Nevin, secretary-treasurer of these farmers' cooperative long term, low interest mortgage lending organizations.

Since February 1937, when the two Associations were consolidated under the joint management of Secretary-Treasurer Nevin, 64 Land Bank Loans were made by these two associations for a total of $467,000 and one-hundred thirteen Commissioner Loans for $336,100. At the present time the local office is servicing loans that total over $3,400,000 for its more than six hundred member-borrowers.

PETTING OF DOG CAUSES DEATH OF MISSION CITIZEN

MISSION — An argument over the petting of his neighbor, Gathel Messer's dog on Monday resulted in a stabbing affray which cost Edward J. Callahan, 28, member of a pioneer family here, his life.

Mrs. Carrie Callahan, widowed by the slaying, saw her late husband and Messer, aged 30, struggling outside their ranch house here. She went to call neighbors and upon their return found Callahan alone and wounded. He was taken to Dr. E. M. Grimmer's office where he died from the result of stab wounds which deputy sheriffs said were inflicted by a pocket knife.

Later Messer applied to Dr. Grimmer for treatment of facial abrasions, alleging he was "hit over the head and didn't know anything about the stabbing." Officers were sent for and he was taken into custody.

Messer is a married man with a wife and six young children who live on the B. F. McIvor Ranch in the Mission Hills.

Eddie Callahan was born and raised in the Mission and had spent his entire 28 years of life in and around here. He was the eldest son of Mr. and Mrs. Edward J. Callahan, Sr. Three years ago he married Miss Carrie Jardine and they have made their home here also. He was an employee at the C. L. Best Estate at the time of his death and leaves many relatives and friends to mourn his passing.

Funeral services were held from St. Joseph's Church on Wednesday with Reverend Rose saying the mass. Interment was made in Holy Sepulchre cemetery in Hayward. He is survived by his widow, Carrie, his parents, Mr. and Mrs. E. J. Callahan, two brothers, Leslie and Melvin, a sister, Mrs. Joseph Rose of Vallejo and Mrs. Daniel K. Cross of the Mission.

Friends and neighbors extend their sympathies to both the families.

A food sale will be held this Saturday morning from 10 to 12 o'clock in Murphy's store in Niles by the ladies of the Corpus Christi Church, with Mrs. J. A. Silva in charge of the committee.

NEW GAME SUNDAY

NEWARK—The Newark Sportsmens baseball game scheduled Sunday with the Decoto Merchants at the Newark School was cancelled due to a number of ballplayers of both teams attending the semi-pro games of the Oakland Tribune tournament at the Oakland ballpark in Emeryville. Fans are requested to look in the bush league section of the Oakland Tribune Saturday to see what visiting team will clash with the Newark club Sunday. The club is hoping to win their first game in their second appearance with their new uniforms. next Sunday.

SOLDIER-BROTHER BIDDEN GOD-SPEED BY 14 RELATIVES

MISSION — Before Leonard Joseph Rogers, 24, left his home here to report for induction on September 22 at the Niles Draft Board he had the unusual pleasure of being bidden farewell by his 13 brothers and sisters, all living in Washington Township,.. and.. his mother, Mrs. Mary Rogers, 63.

Mrs. Rogers who was born here is the proud mother of 15 children. There are 58 persons in the immediate family circle nearly all of whom were on hand to share a farewell party given for Leonard the night before he left for service many of whom were at the draft board to give him a send-off the morning he left.

A son and brother, Anthony has been granted a deferred classification as he has managed the family ranch since their father died three years ago.

A CHANCE TO SEE AMERICA'S MIGHT IN SAN FRANCISCO

An opportunity to view the mighty defenses which guard America from aggression will be afforded citizens of the entire region when San Francisco stages its huge National Defense Pageant this weekend (October 4, 5 and 6).

In token of the fact that this is a demonstration by and for all Northern and Central Californians, Mayor Rossi of San Francisco has invited the mayors of cities from Kern County to the Oregon border to review the Friday night parade, to be his guests at lunch Saturday and at the St. Mary's - Moffett Field football game that afternoon. It would be well worth the while of all who are contributing to the defense program to witness the marching soldiers, sailors, marines, the machine guns, cannon, anti-aircraft, airplanes.

CAR HITS POLE

CENTERVILLE — An automobile containing two Oakland men hit a telephone pole here in town early Saturday morning sending the passenger, Albert Santos, 20 to the Hayward Hospital with abrasions and possible broken bones, while the driver, Pete Puhera, 21 who evidently fell asleep, lost two teeth and received minor cuts.

IRVINGTON BOOSTERS PLAN CARD PARTY FOR NOVEMBER 7

IRVINGTON — The Irvington Boosters club inactive for some months, was revived at a recent meeting held in room 7 at the Grammar School with Jake Turnbow presiding. It was decided to meet the second and fourth Mondays of each month in the grammar school, and that the club would continue to sponsor the town's Boy Scout troop, the school's Junior Traffic Patrol, and any other community welfare projects.

It was voted to hold a public card party in the grammar school on November 7 as a means of raising funds with which to carry on the club's civic activities.

Other officers of the club include Raymond Benbow, vice president; Herbert Rogers, secretary; A. C. Monese treasurer, and J. R. Silveria, publicity chairman.

Charles Middleton returned to his Niles home Friday evening after spending an enjoyable two weeks visiting his brother in Pasadena, who drove Mr. Middleton south with him for the beginning of his visit.

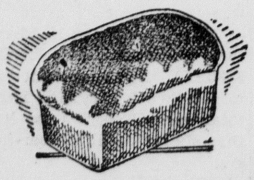
Would You EAT --



10 LOAVES OF WHITE BREAD IN ONE DAY?

They say that bread is the staff of life, but if you had to eat the 10 1 lb, loaves each day necessary to get the proper amount of calcium needed by your system, you'd soon tire of bread, even as covers for delicious sandwiches.

Here's a Tip

Just One Quart of SANITARY DAIRY MILK contains as much calcium as does 10 1 lb loaves of white bread.
